

Operating Instructions (SKU#01030030 DEAD LIFT ZOMBIE)

1. Carefully remove all of the parts from the package including: 1 zombie head, 1 zombie body, 1 poly bag containing net robe, 1 AC/DC adapter.

2. Put the net robe around the bottom of the zombie to be like tomb ground. Locate the head to body as diagram A shown. Be sure to match them tight and secure.

3. Adjust the clothes of the zombie as necessary. Adjust the arms and hands to make the hands attached to the ground. See diagram B.

4. Connect the AC/DC adapter to the cord that comes out from the bottom of the zombie. Once connected, insert the AC/DC adapter to the appropriate input.

5. This product has a sound sensor to activate it. Clap your hands loudly to activate the sounds and rising up and down movement.

6. If the item not works in proper way, power off first to make the item come back to original position first (as the position in diagram B), and then double check if the head is located tightly to the neck of the body.

6. When storing this product, carefully remove it from wherever it is placed to avoid any undue strain or stress on the product.

7. When not in use, store neatly in a cool, dry location protected from sunlight.
