Dear Heather, Tonia and Margaret:

On behalf of the young patients, families, and child life staff at Arnold Palmer Hospital for Children in Orlando I want to thank you for your donation of \$7,507.00 that was presented to us as a direct result of your Spirit of Children program here in Central Florida. This very generous gift will help the child life department fulfill many of the items on our wish list so that we can meet the needs of our visiting children when they stay at our facility for treatment of an illness or injury. I also want to mention what a pleasure it was to work with Rob Monger and Adam Shapiro for both the hospital's Halloween party and for the fundraising partnership with our organization. They both did a great job organizing everything – a testament to a very successful first year.

Thank you again for playing such an important role in the care provided to a young child or teen in the hospital. We are thrilled to have additional resources available that can help brighten the day for our patients. You should feel really good about making a positive contribution across the nation, to individual communities and more specifically, to a child who has been hospitalized. I wish you all the best for the holiday season and new year. I look forward to working with you for the 2008 Halloween season.

Warmest Regards,

Sheri A. Mosely, MS, CCLS
