# Halloween Fun At Hospital

**USF CAMPUS** — A Halloween event Tuesday at the Shriners Hospitals for Children, Tampa Unit, featured music, decorations, crafts, goody bags and costumes. The patients contributed to the theme by painting faces on pumpkins. The party, sponsored by Spirit Halloween Superstores, was one of 11 nationwide this week. Rob Monger, the company's zone manager, said he brought about 100 costumes and matching accessories to the party.
