

October 13, 2006

Dear Spirit Halloween Store,

Weisman Children's Rehabilitation Hospital wishes to thank you for your consideration of our hospital for Halloween Donations. Children in our various Inpatient and Day Hospital programs are able to utilize your costumes for the 31st, while the decorations have brought so much cheer to our rehab gym most of the month of October. It has been wonderful to see the kid's faces light up when they entered the room to find the sensory excitement that surrounded them. The staff that made this happen (Randy Anthony, Gail Margolin, Ashley Pantalone and Amy Lamkin) were exceptional. Their own *Spirit* shined through as they immediately integrated the children into the Halloween activities, encouraged the children to find their new identity and gave the kids, families and staff some joyfulness during a difficult time that they will unfortunately have to spend within our hospital this holiday. I have enclosed some pictures of this event to demonstrate the appreciation we all exhibited from your kindness.

Thank You,

Erica Sciolla CTRS, CCLS
Clinical Educator, TR/CL
